OF REASONS FOR ALLOWANCE**

Sir:

Applicants gratefully acknowledge the Notices of Allowance and Allowability dated December 29, 2005 for the above-captioned patent application. An Examiner's Statement of Reasons for Allowance was appended to the Notice of Allowability. However, Applicants have the following comments.

The patentability of the claimed combinations is not limited to the particular subset of features identified in the Statement, but rather it is the entire combination of elements and/or steps in the claims, each taken as a whole, that are patentable over the prior art, both taken alone and in hypothetical combination.
